Description:

Grocify is a user-friendly mobile app designed to help individuals efficiently manage their grocery shopping. It allows users to create, organize, and store multiple grocery lists, ensuring a smooth and hassle-free shopping experience.

Key Features:**1) Easy Registration & Account Management:**

- Anyone can download and use the app by creating an account through a quick and simple registration process.
- Users can update their profile information, change their display name, and reset their password whenever needed.

2) Grocery List Management:

- Users can create multiple grocery lists and categorize them based on their preferences (e.g., dairy, fruits, vegetables, household essentials).
- Lists can be easily modified, updated, or deleted as per the users requirements.
- Items within a list can be rearranged to improve shopping efficiency.

3) Seamless Sharing Options:

- Grocery lists can be shared with family or friends through various social media platforms and messaging apps, making group shopping easier.

4) Informative Food Facts Section:

- A dedicated Food Facts section provides detailed and important insights about commonly purchased food items, including their nutritional value, health benefits, and storage tips.

5) Personalization & Customization:

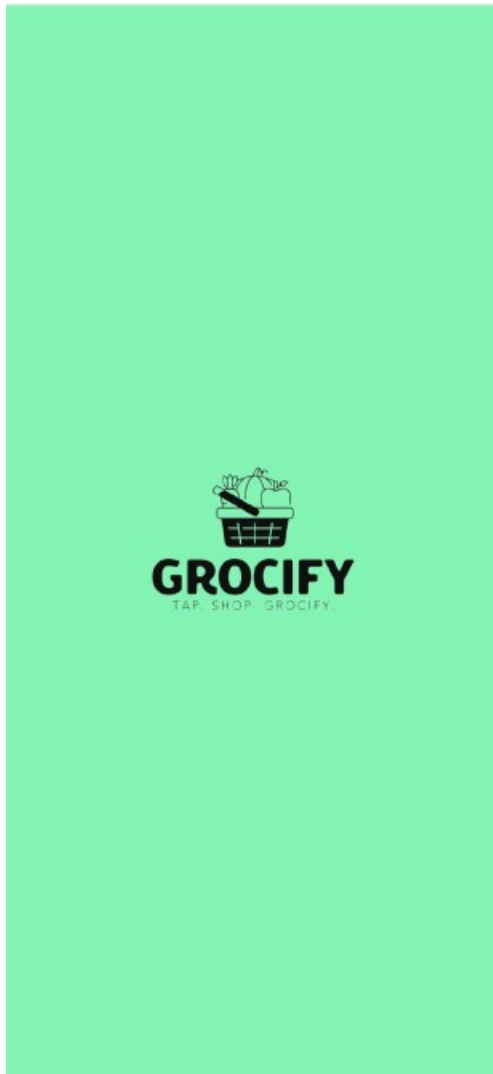

- Users can customize the app's theme to suit their visual preferences.
- Profile settings allow easy modifications, including name changes and password resets.
